*Make Your Gift to the Life of Our Community, Today!*

*Our goal is to Raise \$350,000 for Green Heat and Inclusive Welcome!*

Please consider giving a major gift to the life of our beloved community at this opportune time. We are on the verge of making two immense and living statements of our commitment to God’s creation and Gospel inclusivity. Since our founding in 1883, the Parish of St. Paul has had a proud and inspiring history of support for projects, large and small, that live into our claimed values. Every previous generation of our beloved community stepped up to the challenges and opportunities of their own times.

*Now is our time! And let us rise to the challenge of our time together!*

**We ask you to prayerfully consider a gift of at least 1% of our total goal, which would be \$3,500. If you can offer more, or 2% (\$7,000) or 3% (\$10,500) or 5% (17,500), please know that your generosity will support and encourage and be held as an example for generations to come!**

Regardless of the amount that you are able to commit, we are hoping to have 100% participation in this important community initiative. This is much more than simply replacing the heating system and building some new ramps. We are building our beloved community! We are living into our commitment to be a community with true integrity! And you are part of this community!

We have several payment options available. You can select your chosen option on the other side of this form. **Payments can be made over four years.**
